april29

To my Patrons and Friends in Bangor and vicinity--Greeting.

For many years I have worn VULCANITE RUBBER as a BASE for artificial teeth But there is mercury in it, which is sublimated when worn in the mouth But for more than two years I have worn the new, pure, tasteless, CELLULOID BASE with the greatest satisfaction. This plate is entirely free from everything that can possibly be injurious to the mouth. My patients are delighted with it, and the more I use it the better I like it. Those who suffer from the use of RUBBER can secure a new set of teeth made upon CELLULOID for a very small sum.

All dental work that comes to me, I will do in the best possible manner, and at the lowest terms consistent for a work well done.

STATE NEWS.

Androscoggin

Wm. D. Wood, Esq., and F. L. Richardson, Esq., of Boston, recently forwarded to President Cheney the old office chair occupied by Mr. Bates for the last 25 years at the old office at 40 State street. Mr. Bates, Mr. Richardson and Mr. Atkins for many years occupied desks side by side. Mr. Bates' chair will be presented by the College, as a precious souvenir of its former owner.

The *Journal* says Wednesday night the hardware store of Messrs. J. H. Dar & Co., Market Square Lewiston, was broken open. The rear entrance was effected to give space for a stairway outside the door. This space afforded the rogues a shelter place for their work. It appears that they broke into W. W. Wood's blacksmith shop, from which they took a bitting and, but, with other tools. They were perfectly familiar with the shop, gathering the tools from their different nits of the shop. With the bit they bored 23 dozen holes through the lower panel of the door, with the evident intention to saw the panel out. This could not be moved, when they pried under the edge of the large pane of glass in the door till it was forced, so they could take it out. Then by moving the iron rods inside the way was clear. They took from the show case several revolvers, pocket knives, and tore from the outside of packages of plated goods, the samples of one or two packages of spoons, glasses diamond. The money drawer was pried off, but was found empty. They also pried open the window, so as to get into the grocery store but nothing is missing there. Appearances indicate that the parties were frightened and left in haste, not taking away all the articles collected. The tools were all left behind. Their work shows plainly the part that each instrument performed. It is evident that the firm might have suffered heavy loss but for the accident of a tall set of steps falling down. A party have been arrested on suspicion that he may know something also of the robbery.

Cumberland.

The Preble House, Portland, has done away with colored waiters and now employ white ones only.

Tramps stole two silver watches from the house of Mr McLellan in Deering, Wednesday.

Deering has a population of 3038, 1176 polls 1356 scholars and a valuation of $2,152,200

Mr. James Driscoll of Portland, is going to attempt to walk 25 miles inside of two hours on the Western Promenade, on the Fourth of July.

A number of ladies and gentlemen in Portland have formed an archery club. The officers are: President, Mrs. Hopkins Smith; Secretary, Miss Lizzie Burnett, Treasurer, Wm. H. Wood.

The municipal officers of Raymond have notified all owners of dogs to confine them or kill them, as any dog found running at large will be killed immediately.

Franklin

The *Chronicle* says Geo A. Stewart of New Vineyard, who was blown up by a premature discharge of a rock he was quarrying, notice of which appeared in our last issue, was more seriously injured than we were informed at first. In addition to the loss of one finger, the hand was badly mutilated, seven pieces of bone being taken out, several fragments of rock were blown into his face and his eyes somewhat injured That he escaped instant death is remarkable.

The *Chronicle* says There is considerable excitement in the town of Freeman over the disturbances we have had of late. The first of May, William Allen, the son of B. B. Allen, was in his father's pasture looking for sheep, when he was attacked by two masked men, but succeeded in getting away from them after receiving severe wounds from a dirk-knife. Shortly after one evening while William was at the house of Mr. Pennell, not more than a hundred rods distant from Mr. Allen's, there was a rap at the door, and, on opening the door rocks began to come against the house breaking in panes of glass and doing such damage Mr. Allen was hit by one of the stones receiving injuries that may prove fatal. Another inmate was also struck by one of the stones from the hands of the rascals. Fifty dollars have been offered as a reward for the detection of the rioters. The case is mysterious one, as the Allen and Pennell families are people in excellent standing, and William himself a young man of trust and ability.

Hancock.

On Tuesday evening of this week, Mr Charles Nason Hamlin, merchant of Augusta, was joined in marriage, at the home of the bride's father, with Miss Annie Myrick, Morrill, third daughter of Rev and Mrs. Merrill of Augusta. The Rev. Dr. Webb of Boston, officiated. The company present were very large, and the whole affair was a brilliant display of elegance and beauty, tempered by social cheer. The presents were numerous, many of them most elegant and valuable; but nothing excelled the unostentatious purity and goodness of the young bride herself. The happy couple left on the Pullman train for Boston. May they "grow aged together."

The valuation of the city of Augusta, for the current year has been completed and the rates assessed, and will be in the hands of the collector next week. The following statistics are of interest: No. of polls 1,014; number last year 1,976. Amount of real estate, $1,031,282; personal 161,415; total, aggregate $1,434,561; rate of taxation $8.10 per $100; amount of taxes $100,166 63. The above does not include the taxes in the Village School District. The amount of real estate in the Village District is $2 067,320; personal do $1,043,160; total $3,500,000; rate of taxation three tenths of one cent on a dollar; amount of tax $11,945 03; No. of polls 909

Piscataquis

The Assessors of Dover---E. A. Thompson, J. C. Demeritt and Alfred Bragg---have made their return as required by law, for the year ending April 1, 1878, of horses, cattle, &c., and agricultural products for the town of Dover, which is as follows: Number of horses four years old and upwards, 364; do. less than four years old, 33; neat stock, 1053; sheep, 2150; swine, 276; bushels Indian corn raised, 2226; barley, 614; oats, 6125; beans, 693; peas, 330; buckwheat, 256; potatoes, 44,244; turnips, 4168; beets, 564; carrots, 212; apples, 3479; tons of upland hay, 2883; bog hay, 61; interval hay, 197; pounds of butter made during the year, 36,960; cheese, 1800; honey, 100 lbs.; maple sugar, 100 lbs.; gallons of maple syrup and molasses made, 283; wool skins disposed of, 2150; value of poultry and eggs produced during the year, $411; bushels wheat raised, 2250, number of sheep killed by dogs, 2

Somerset

There was almost a serious fire in Bath Wednesday. Two little children of Mr. David Vannah were playing in a chamber of the house, and had some matches which they lighted and set the bed clothes on fire, burning them considerably. Fortunately the neighbors across the street saw trouble and hastened to arrest it, which was done before the fire had reached another room.

Somerset

By a sad accident last Thursday Mr. Wm. Jackson of Solon lost his life Mrs. Jackson had been away with the team during the day and returned about dark. She patted quite early and in a few minutes Mr Jackson said he would go to the stable and turn the horse into the pasture for the night Mrs Jackson fell asleep and woke about eleven and found that her husband had not returned. She was alarmed and called the hired man, went out in search of Mr. J. Upon the stable door, near the door, with his head crushed in by a blow from the horse's foot, lay the man, dead Mr. Jackson had taught the horse to stand stock and walk upon his hind feet It is the opinion of those who saw the wound that the horse was standing near the door and on Mr. Jackson's entering, reared and struck the fatal blow with a fore foot.

Waldo

There was extensive baptismal at Poor's Mills, Belfast, on Sunday. Thirty persons were received into the Congregational, Methodist and Baptist churches by immersion.

As Mr. Frye, clerk of the courts, at Belfast, was passing slowly homeward at ten o'clock on a recent evening, meditating on the grandeur and beauty of the rising moon, he was startled, when near his residence, by the explosion of a gun and the noise of a ball passing his head. Frye nothing to report than he was musket-ed for a bile bed bond-holder, who was carrying his fa ds with him. He goes home earlier now

Washington

The Rev Mr Pierce, a returned missionary from the American mission at Erzeroum, Turkey, has been spending a few days at Princeton, where he formerly preached a few months, and on Sunday last gave a very interesting lecture at the Congregational church on the manners and customs of the people in Turkey, and in the evening at the Baptist church gave some account of his missionary work in that country.

Grass is thought to look rather thin in some parts of this county

A Ridlonian of S Spooner of Princeton, broke his thigh last week.

The *Sentinel* says The old house opposite Young Bros. store on Sea street, Eastport, was torn down last week; this is said to be one of the first buildings erected in Eastport. Captain John Shackford who built the house came to Eastport in 1783 and built a log house, which was afterwards replaced into a frame house, the one torn down. Some of the Shackford family have records to show the last house to be about 83 years old. It was doubtless the first frame house erected in Eastport.

York.

Cron Goodwin and Jas Stackpole of Conway Junction, who were arrested for burglary in George Gatchell's store in Vella last week, were taken before Raven A. Barker of North Berwick last Monday and bound over in the sum of $2000 each for appearance at the court at Alfred next September.

Two young men named Mardon have somewhat been engaged in catching seals at Old Orchard. Last Sunday they went to Ferry Beach and when the tide was down waded out to a sand spit and captured two young seals. When they were bringing them away the old seals gave chase, but the boys succeeded in getting off safe.

SANFORD'S RADICAL CURE

For CATARRH

A pure vegetable distillation entirely unlike all other Remedies.

In the proprietor's own language, "Sanford's Radical Cure" is the result of many years of study and experiment, and is confidently offered to the public as the best remedy the world has ever known for the cure of Catarrh, Headache, Scrofula, Canker, Erysipelas, Dyspepsia, Liver Complaint, Piles, Female Weakness, Kidney Complaints, and all diseases arising from Impure Blood. What claims to be the most wonderful discovery of modern times, is often found to be a worthless compound of vegetable barks, alcohol and water. Sanford's Radical Cure is not one of these. It is a concentrated extract of roots, herbs, barks and berries, containing the curative principles of all the vegetable remedies known to the Indians, and which they have used for centuries. Its power over disease is wonderful, and it has been known to cure cases of Catarrh of fifteen years' standing after all other remedies had failed. Its proprietor will forfeit $500 for a case it will not benefit or cure. Sold by druggists everywhere. Price $1. Depot, 263 Canal St., New York.

SANFORD'S RADICAL CURE

CURES

COLDS IN THE HEAD,

CATARRH,

HAY FEVER,

HEADACHE,

DIPHTHERIA,

CANKER MOUTH,

CANKER DISEASES,

SORE THROAT,

SORE EYES,

DEAFNESS,

PILES,

FEMALE WEAKNESS,

KIDNEY COMPLAINTS,

IMPURE BLOOD.

SANFORD'S RADICAL CURE

An Electro-Galvanic Battery combined with a Highly Medicated Plaster containing the choicest medicinal Gums and Balsams known to modern Pharmacy.

Medicated Plasters have not, as a rule, been before the public for more than a few years, and the universal favor with which they have been received, and the wonderful cures they have effected, have induced many persons to attempt the manufacture of imitations, which are utterly worthless. Sanford's Radical Cure Plaster is the only reliable Medicated Plaster in the market. It is the only Plaster containing the curative properties of Sanford's Radical Cure. It is the only Plaster that will relieve pain in from twenty minutes to one hour. It is the only Plaster that will cure in a few days, and in all cases in a few weeks, where cure is possible. It is the only Plaster that will not blister the most delicate skin. It is the only Plaster that will not stain the most delicate f

DOMESTIC NEWS.

THE POTTER INVESTIGATION.

Capt. Banks.

WASHINGTON, June 21. The Potter Committee met at 10.15 to-day. Potter being absent Morrison presided. Captain Thomas A. Banks of New Orleans, was sworn and examined by Reed. He testified that in 1870 his residence was in East Feliciana Parish, where he held the position of United States Deputy Marshal, appointed by Pitkin. The Republicans in the Parish told witness that they were afraid to register names on account of intimidation.

McMahon Makes an Objection.

McMahon inquired if Janks was a witness called at the instance of Sherman. Reed replied that he was, whereupon McMahon said that he objected to any questions being put relating to affairs in East Feliciana Parish, excepting what materially affected Sherman, and that the question whether or not Pitkin was the author of Sherman's letter should be decided before this witness gave his testimony regarding intimidation experienced by the Republicans in East Feliciana.

Morrison Objects to having Intimidation Proved.

A lengthy discussion ensued, the Republican members taking the ground that they had been endeavoring ever since the organization of the Committee to ascertain the proposed scope of the investigation, during which Morrison stated that Sherman requested that an hundred witnesses be subpœnaed, by the sub-committee, who are to visit Louisiana, the members of which were not yet announced, to test by such reference to intimidation, and it was his intention to appeal from the decision of the committee to refuse to hear the statements of witnesses regarding intimidation.

McMahon Objects Again.

McMahon finally withdrew his objection and witness proceeded. He gave an account of intimidation in his parish, nothing not heretofore published being stated. Witness's proceedings for a few moments, when McMahon again objected to questions of Reed and another discussion ensued.

Political Murders in East Feliciana.

At the suggestion of Cox, witness was allowed to proceed, with the understanding that at a future meeting, when the members were all present, it should be decided whether or not the testimony relating to intimidation shall be accepted or stricken out. Witness produced a letter written by James E. Anderson to him, making the request that he forward Anderson the original list given by witness to General Angur, which contained statements of nineteen murders committed in East Feliciana. The politics was then produced by witness and read by the clerk. It gives a list of political murders committed in the parish of East Feliciana, mentioning the names of parties killed and the circumstances connected therewith.

Anderson's Protest.

Continuing his testimony witness said he saw Anderson in September and October, when he stated it was impossible to organize the party in his parish owing to the existence of terrorism. Anderson told witness he was attacked by Democrats, and afterwards said he thought he had P. C. Pitkin had something to do with it.

Question by Mr. Reed—Did Anderson ever tell you that that election was free or fair?

A.—No sir, he never admitted to me that the election was free or fair.

Q.—Did Anderson tell you he could make a protest at Clinton or Baton Rouge?

A.—He told me he could not go so at Clinton as it would be unsafe.

Witness was here shown Anderson's protest in the Sherman report which Anderson heretofore testified was not the document he had signed and claiming it had been altered. Witness said to the letter of which Anderson
